# Explanatory Notes

Inquiries concerning the contents of this document should be directed to the Section of Ownership Reports, Securities and Exchange Commission, Washington, D.C. 20549.

The amount of securities owned at the end of the period of reports on Form 4 is shown for a class of securities only if there has been a reported change in beneficial ownership of securities of such class. Reports on Form 3 reflecting less than 5,000 shares or $5,000 principal amount are not included. The information included in the summary is necessarily condensed or abbreviated. In the interest of simplification and economy the summary omits data with respect to stock splits, stock dividends, rights, and gifts unless necessary to explain a purchase or sale. The full reports may be inspected at the principal office of the Commission in Washington, D.C., and at the offices of exchang on which the securities are listed and registered. Photocopies of such reports may also be obtained from the Commission at moderate cost.

Publication of this information is not to be construed as a representation that it is accurate or complete. Responsibility for accurate and complete reporting rests with the reporting persons and not with the Commission. Reports which are not consistent with previous reports are indicated by the letter "I", amended reports are indicated by the letter "A" and late reports are indicated by the letter "L" in the "late, amended or inconsistent" column. Rule 16a-3 provides that any person filing a report may expressly declare therein that the filing of such reports shall not be construed as an admission that such person is the beneficial owner of the securities covered by such report. Such disclaime are not shown in the summary.

The name of the issuer is followed by an abbreviated description of the security in which transaction and holdings are reported. Indented thereunder appears the name of the person reporting and his interest in the securities reported such as: "direct," "indirect", or "market maker." If he has any indirect interest in the securities reported, such as through a holding company, partnership, trust, etc., this will be shown as indirect. Symbol are used in a column to indicate the character of the transaction *(see Guide to Symbols at t top of next page).*

# Explanatory Notes

Inquiries concerning the contents of this document should be directed to the Section of Ownership Reports, Securities and Exchange Commission, Washington, D.C. 20549.

The amount of securities owned at the end of the period of reports on Form 4 is shown for a class of securities only if there has been a reported change in beneficial ownership of securities of such class. Reports on Form 3 reflecting less than 5,000 shares or $5,000 principal amount are not included. The information included in the summary is necessarily condensed or abbreviated. In the interest of simplification and economy the summary omits data with respect to stock splits, stock dividends, rights, and gifts unless necessary to explain a purchase or sale. The full reports may be inspected at the principal office of the Commission in Washington, D.C., and at the offices of exchanges on which the securities are listed and registered. Photocopies of such reports may also be obtained from the Commission at moderate cost.

Publication of this information is not to be construed as a representation that it is accurate or complete. Responsibility for accurate and complete reporting rests with the reporting persons and not with the Commission. Reports which are not consistent with previous reports are indicated by the letter "I", amended reports are indicated by the letter "A" and late reports are indicated by the letter "L" in the "late, amended or inconsistent" column. Rule 16a-3 provides that any person filing a report may expressly declare therein that the filing of such reports shall not be construed as an admission that such person is the beneficial owner of the securities covered by such report. Such disclaimers are not shown in the summary.

The name of the issuer is followed by an abbreviated description of the security in which transaction and holdings are reported. Indented thereunder appears the name of the person reporting and his interest in the securities reported such as: "direct," "indirect", or "market maker." If he has any indirect interest in the securities reported, such as through a holding company, partnership, trust, etc., this will be shown as indirect. Symbols are used in a column to indicate the character of the transaction *(see Guide to Symbols at top top of next page).*
